

# Register Now November 16, 2011

Conference: Wednesday, November 16, 2011 | 8:30 am – 8:00 pm

Garvey Schubert Barer LAW Second & Seneca Bldg 1191 Second Avenue Seattle, WA

## Washington-Israel Business Council Data Storage & Security Summit

Ensuring strong and efficient data storage and secured systems is the foundation of any successful business in today's global business environment and continued migration to Cloud Computing.

Washington State and Israel are global leaders in innovation and entrepreneurship and major players in the global software/IT industry, with the innovations of its companies earning international recognition and prestige.

Numerous Washington State companies have already realized the benefit of establishing development organizations in Israel, engaging with Israeli companies for collaboration, and acquiring Israeli companies to gain access to their unique technology and innovative solutions.

Join us at a one-day summit presenting 10 of Israel's highly promising data storage and security companies that are looking to expand collaborations with local partners.

**The summit will feature:**

- > Presentations by industry leaders
- > Presentations by CEO's of Israeli companies
- > Informative panel sessions on timely subjects
- > Pre-scheduled one-on-one meetings
- > Networking reception & dinner

**Who should attend:**

- > IT Management Executives (CIOs & CSOs of major organizations)
- > Members of the investment community
- > Leading technology companies
- > Distributors & system integrators
- > IT Infrastructure professionals
